Meeting was monitored by Dan Sekowski.

Notes from meeting:

Question and Answer forum:

The questions were asked by various community members (CM) and answered by either Dan Sekowski (DS) or the developer (DV).

CM: Is there any Green Building going to happen?

DS: I don't think the developer will be doing any green building.

CM: Would you have interest in buying more land for additional development?

DV: Yes. We can talk later.

A general feeling is that people are excited about the hotel and think it is an improvement to the community.

CM: It is an improvement to the community!

CM: Why do you have to take down the little hotels? Can you leave them?

DV: No, we will be taking them down, except for one. We will leave partially up for housekeeping help.

DS: Are there any more questions?

CM: No, it looks good. Just wanted to see what was happening.

Meeting was adjourned.
